<p><b>Ron van Sommeren</b> Senior contributor</p>  <p>Joined: 12 Mar 2001 Posts: 52 Location: Druten/Nijmegen Status: Offline</p>	<p> Posted: Tue 14 May 2002, 18:54 Post subject: rewinding CD-ROM motors for indoor- , park- &amp; slow-flight</p> <p>Old salvaged and rewound CD-ROM motors can replace s280/s300 motors. There's no need to buy new magnets, the original bell is used. It flies longer and the motors last longer (brushless).</p> <p>I compiled most of the eflight messages (mostly by Paul Goelz) about modifying cd-rom motors and also some threads, homepages and pictures for the homebuilt motor e-mail discussion group: <a href="http://www.yahoogroups.com/group/lrk-torquemax">www.yahoogroups.com/group/lrk-torquemax</a> Subscribe by clicking 'join' in the upper-right-hand corner or by sending an empty message to <a href="mailto:lrk-torquemax-subscribe@yahoogroups.com">lrk-torquemax-subscribe@yahoogroups.com</a></p> <p>1- CD-ROM compiled messages: <a href="http://groups.yahoo.com/group/lrk-torquemax/message/539">http://groups.yahoo.com/group/lrk-torquemax/message/539</a> 2- CD-ROM threads, homepages, pictures: <a href="http://groups.yahoo.com/group/lrk-torquemax/message/582">http://groups.yahoo.com/group/lrk-torquemax/message/582</a></p> <p>----- Met vriendelijke groet, Ron van Sommeren</p> <ul style="list-style-type: none"><li>• <a href="#">E-fly-in &amp; LRK-torquemax meeting</a>, Nijmegen/Winssen, 23 juni 2002.</li><li>• <a href="#">lrk-torquemax</a> borstelloze zelfbouw e-motoren discussie.</li></ul> <p><a href="#">profile</a> <a href="#">pm</a> <a href="#">email</a> <a href="#">www</a></p>
